All-in-One WEAAD Social Media Toolkit

Promoting World Elder Abuse Awareness Day (WEAAD)

We hope you will join the 2023 WEAAD campaign, “Rights Don’t Get Old”.

[Elder Abuse Prevention Ontario](#) (EAPO) and the [Canadian Network for the Prevention of Elder Abuse](#) (CNPEA) have developed an ‘All-in-one WEAAD Social Media Toolkit’, to help individuals and organizations spread the word about World Elder Abuse Awareness Day (WEAAD) on social media.

Social media is an excellent way to engage your community around this important and timely issue. This toolkit provides social media messages that you can simply cut and paste, or edit as you wish, and share to your Instagram, Facebook, Twitter, or any platform of your choice in just a few clicks. Of course, you can also create your own content (such as, talk about your WEAAD event, other WEAAD events you are interested in, or elder abuse prevention in general).

Join a growing number of people across the world celebrating WEAAD. Spread the message to help generate awareness about elder abuse prevention and the rights of older adults

Easy ways to promote #WEAAD2023 on social media

- Follow / Like **Elder Abuse Prevention Ontario** on Twitter, Facebook, Instagram and LinkedIn at [@EAPreventionON](#)
- Follow / Like **the Canadian Network for the Prevention of Elder Abuse** on Twitter, Facebook, and LinkedIn at [@Cnpea](#)
- Retweet / share our posts on any of the social media platforms you use (Facebook, Twitter, Instagram etc.).
- Remember to use the hashtags **#WEAAD2023** and **#RightsDoNotGetOld** in your posts. The more people share these hashtags, the more powerful our movement can be!

Tips for composing effective posts:

- Have a clear and concise message.
- The best posts are a call to action. Turn your followers into advocates by giving them a clear action to take.
- When retweeting or reposting, add value to the post by adding your own commentary, or add a link to additional media on the topic.
- Use popular hashtags but use them in moderation. Using more than two hashtags can muddle your message.

- Add visuals to your post. A photo, a link with a thumbnail, or a video can generate significantly more attention.
