A smudge stick, made of dried herbs and tied with black and white string, is burning in a brass bowl. The bowl is ornate with a floral pattern. The scene is set on a green wooden surface, surrounded by various natural elements: a large white crystal in the top left, a green chrysanthemum in the top left, a green cedar branch in the top right, a yellow chrysanthemum in the middle right, a large white crystal in the bottom right, a green chrysanthemum in the bottom right, and a green cedar branch in the bottom left. A semi-transparent grey banner with the text "LAND ACKNOWLEDGEMENT" is centered at the bottom.

Making a POA with Guided Pathways

Guided Pathway to preparing a power of attorney

CLEO's Guided Pathways now offer interactive interviews to help you make powers of attorney. The Guided Pathways are free to use.

You can use the guided pathways to:

- Make a Continuing Power of Attorney for Property that gives another person the power to manage your property for you. Property is anything you own or have the sole right to use, like money, a rental apartment, or furniture.
- Make a Power of Attorney for Personal Care that gives another person the power to make decisions about your personal care, if you can't make them yourself. Personal care includes things like healthcare, housing, food, clothing, hygiene, and safety.
- Cancel an old Power of Attorney.

 **Make a Power of Attorney**
using CLEO's Guided Pathways

The Guided Pathways ask you a series of questions about your circumstances, give you information to help answer them, and create documents based on your answers.

We suggest that you **create an account**. This is because it can take anywhere from a few minutes to a few hours to answer all of the questions in a pathway or interview.

How long you'll need depends on your situation and how much information you have to give. Having an account lets you save your work, take a break, collect any information you are missing, and then carry on from where you left off.

You can choose to **continue as a guest**, instead of creating an account. But then you have to answer all of the questions without stopping, until you reach the end.

What this interview does

This guided interview helps you create a Power of Attorney. A Power of Attorney is a legal document you can use to give someone else the power to make decisions on your behalf. This person is called your "attorney."

In Canada, "attorney" does not usually mean lawyer. In your Power of Attorney, it's someone who makes decisions on your behalf. You might ask a trusted friend, spouse, or family member to be your attorney.

The next set of screens has important information about how this interview works and who it's for.

2 Choosing a Power of Attorney

1 Introduction

Getting Started

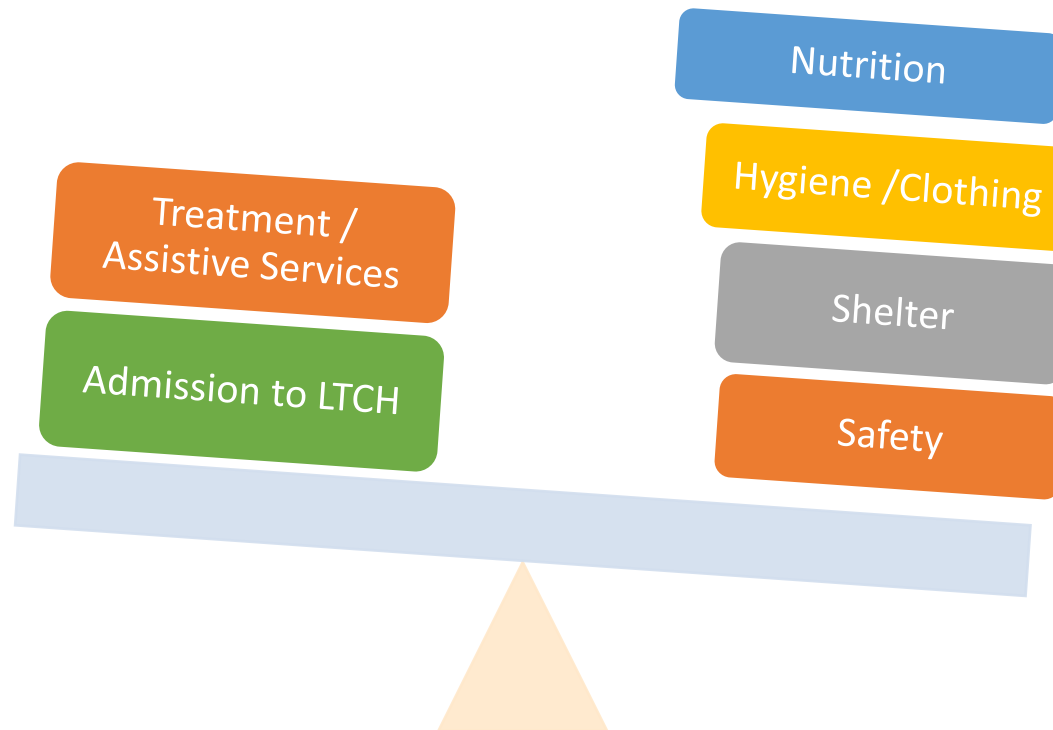

Important definitions

- **Attorney:** the person authorized to make decisions under a Power of Attorney
- **Grantor:** the person who created and signed the Power of Attorney
- **Power of Attorney:** the physical document, **NOT** a person

Kinds of Decisions

Health
Care

Personal
Care

Who can complete a POA for Personal Care?

You must:

- Be at least 16 years old **AND**
- Have the necessary mental capacity

What does “mental capacity” mean?

You must understand:

- whether the person you are appointing genuinely cares about you

AND

- that they might have to make decisions for you

Who assesses mental capacity to do a POA for Personal Care?

- If a lawyer is assisting you, they assess capacity
- If you are doing it yourself, you assess your own capacity

Mental Capacity to Make Decisions

Different from your capacity to make a POA

Mental Capacity to Consent to Treatment

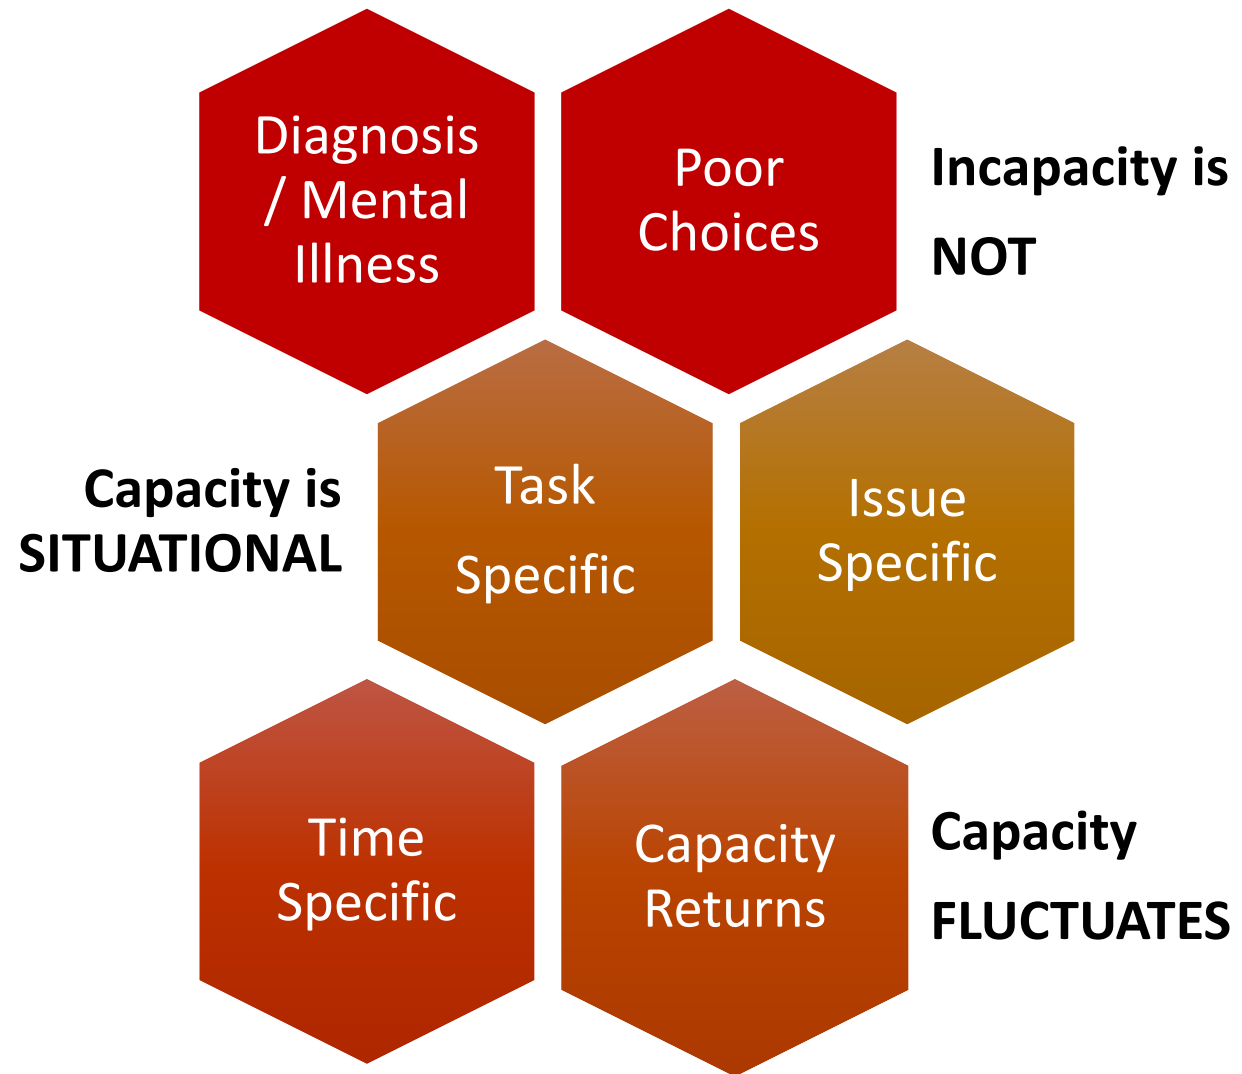

- Presumed if 16+
- The person providing treatment/service decides if you have capacity to consent.
- Must have reasonable grounds to suggest you lack capacity

What is Capacity?

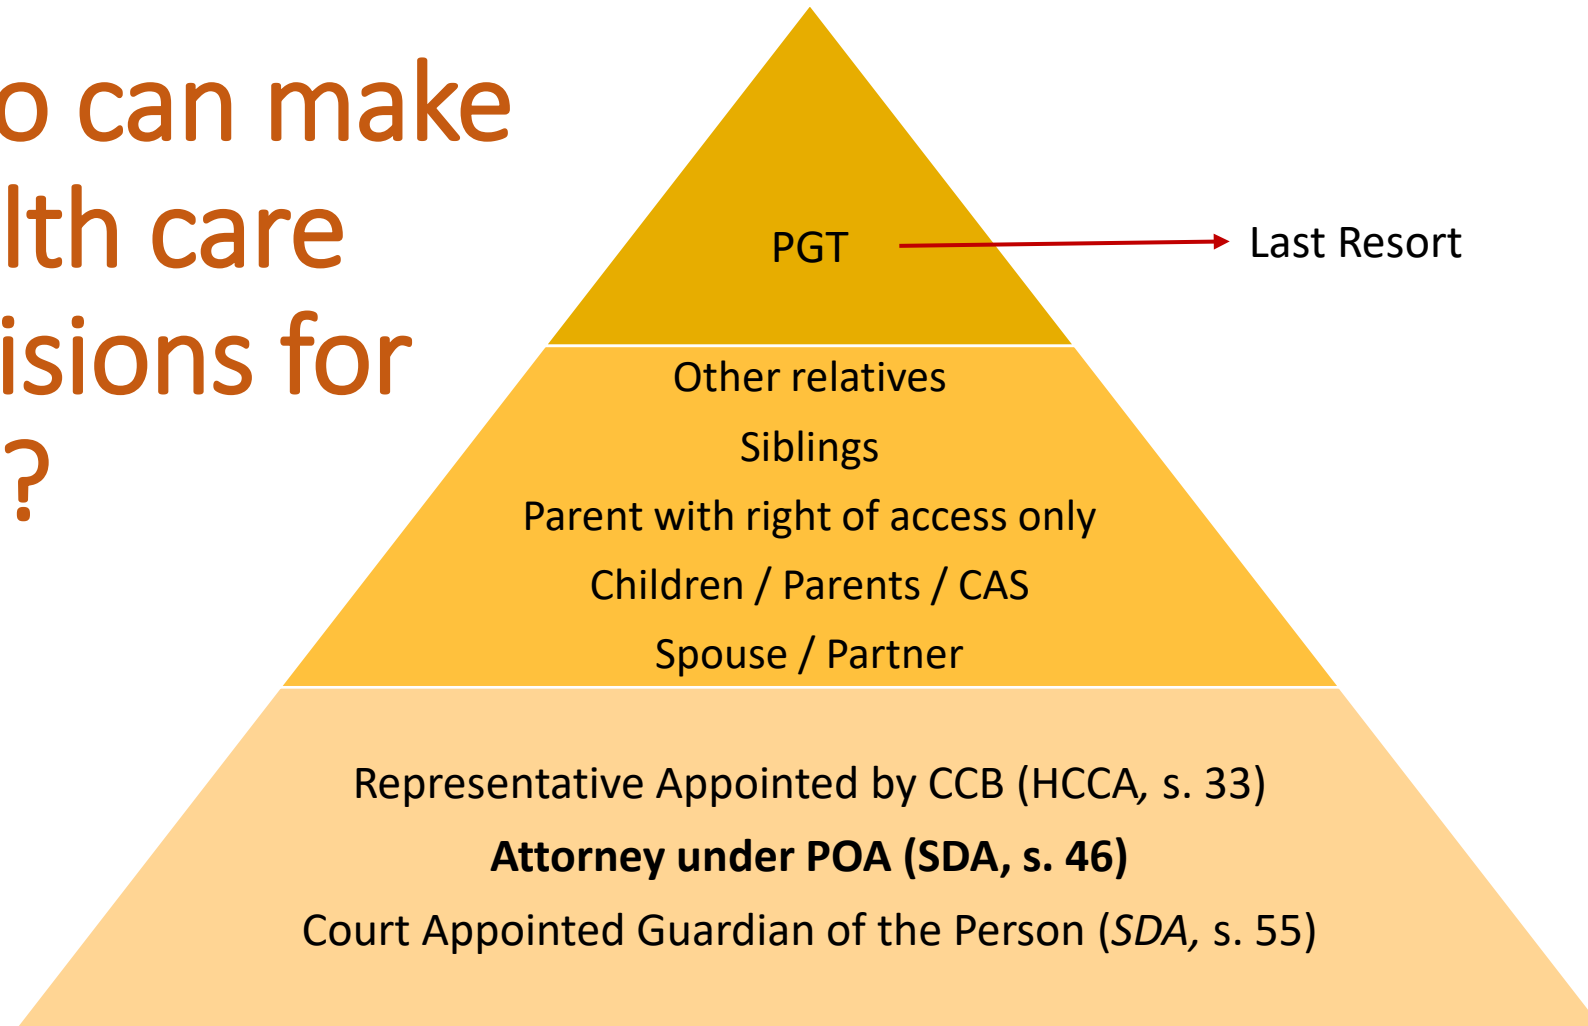

Mental capacity is the **ability** to

(1) understand relevant information; and

(2) Appreciate the reasonable foreseeable consequences of making a decision (or not making it)

Who can make health care decisions for you?

THE PATIENT

QUESTIONS?

Picking your Attorney

*Your Attorney is not a caregiver – they are a
decision maker*

Who can be an Attorney for Personal Care?

- Anyone 16+
- **CAN'T** be someone who is paid to provide you health care services (unless your spouse, partner, relative)

Who should be your Attorney for Personal Care?

- Someone you feel comfortable talking to about your health
- Someone you trust
- Someone nearby
- Be wary of PSWs, home care workers, people you have not known for a long time

Can I have more than one POA?

YES

- You can appoint more than one person as your Attorney.
- You can also name one or more back-ups (substitutes).

I, Jack Oswald White revoke any previous Power of Attorney for Personal Care made by me.

Grantor

APPOINTMENT

I **APPOINT** the following to be my attorneys for personal care in accordance with the *Substitute Decisions Act*, 1992:

Name: Bruce Gary Wayne

Address: 1007 Mountain Drive, Gotham, Ontario, Canada

Name: Selina Kyle

Name: Richard Grayson

Address: 1007 Mountain Drive, Gotham, Ontario, Canada

Attorneys, and
how they can
make decisions

HOW ATTORNEYS MAKE DECISIONS

I authorize my attorneys for personal care to act together (JOINTLY) or any or either of them to act alone (SEVERALLY) when making decisions about my personal care for me.

AUTHORITY OF THE ATTORNEYS

I give my attorneys the **AUTHORITY** to make any personal care decision for me that I am not mentally capable of making for myself, meaning any decisions about my healthcare, housing and shelter, nutrition, clothing, hygiene, and safety. This includes the giving or refusing of consent to any matter to which the *Health Care Consent Act*, 1996, applies, subject to the *Substitute Decisions Act*, 1992, and any wishes, instructions, conditions or restrictions contained in this form.

DISAGREEMENT AMONG ATTORNEYS

If there should be disagreement among my attorneys concerning decisions about my personal care, **other than decisions about my healthcare** to which the *Health Care Consent Act*, 1996 applies (such as decisions about treatment, personal assistance services, and admission to a long term care facility), I declare that they shall resolve their disagreement in the following way:

If there is any disagreement amongst my attorneys about a decision related to my personal care **other than decisions about my healthcare**, the decision of a majority of my attorneys shall prevail. Any one or more of my attorneys who acts in good faith and does not form part of any majority shall not be personally liable for the actions or omissions which result from the majority decision. Every document executed by a majority of my attorneys, shall be as valid, effectual and binding as if executed by all of my attorneys, and all parties may rely upon such document for all purposes.

DECISIONS ABOUT HEALTHCARE

I acknowledge that should I become incapable of making a health care decision of any type, my attorneys are acting as my health substitute decision-makers as described in the *Health Care Consent*

Power of Attorney for Personal Care

Jack Oswald White

(Made in accordance with the *Substitute Decisions Act*, 1992)

Act, 1996.

Before making health care decisions for me, my attorneys have the right to be given all information they are entitled to by law and need to be able to give an informed consent or refusal to any type of health-care decision for me. Health-care practitioners offering me any treatment or other health-care providers dealing with admission to a long term care home or personal assistance services are required to provide such information to my attorneys and get an informed consent or refusal before providing me with any treatments, admission to a long term care facility, or personal assistance services.

I acknowledge that my attorneys are required to honour any last known wishes about health care that I expressed in writing, orally, or communicated by alternative means and also consider my values and beliefs when making any type of health care decision for me.

If my attorneys know of any wishes I expressed while still capable and after I have executed this Power of Attorney for Personal Care, even if the more current wishes were oral or communicated by other means and are not in written form, my attorneys must honour the more current capable wishes instead of the wishes found in this document.

If my attorneys are not aware of any wishes that are relevant to the health decision that they must make for me, or if a wish is impossible to honour, then I acknowledge that my attorneys and any other health-care decision-maker must make health decisions for me that the attorneys think are in my best interests, taking into consideration my values, beliefs, any wishes expressed by me when not capable as well as my capable but inapplicable wishes. The term "best interests" is defined in s.21(2) of the *Health Care Consent Act, 1996* and also provides guidance to my attorneys as to what is considered in law to be best interests.

Any wishes expressed in this document or expressed orally or communicated by other means are guidance to my attorneys and any other health decision maker when making decision for me. These wishes are not directions to my health practitioners or to anyone else who is seeking consent or refusals of consents from my attorneys about admission to long term care or personal assistance services, except when there is an emergency and my attorneys or any other health-care decision-makers are not immediately available to give or refuse consent on my behalf.

Storage & Revisions

How often should I change my POA?

- Your POA does not have an automatic expiry date
- You should review it regularly to make sure it's still what you want
- Check that your attorneys are still willing/able to assist.

Where do I store my POA?

- It needs to be in a safe place, but also accessible to your attorneys when they need it
- Keep track of who you have given a copy to – write down their names!
